

INFORMATION ABOUT FEES

Beck Newton has extensive health sector experience. She's an Accredited Practising Dietitian (APD), Registered Nurse and Diabetes Educator with post-graduate qualifications in diabetes, mental health and coaching / counselling.

Beck can assist with a range of nutrition and eating issues. Her specific areas of interest include (but not limited to):

- Pre-diabetes
- Type 1 diabetes
- Type 2 diabetes
- Metabolic testing
- Insulin resistance and metabolic syndrome
- Disordered eating
- Mental health
- Using a therapeutic carbohydrate reduction approach for appropriate health conditions

Beck accepts patients who are paying privately, or who are eligible for a Chronic Disease Management Plan (up to 5 dietetic services under item 10954) or Eating Disorder Treatment Plan (up to 20 dietetic services under items 10954, 82350 and 82351). Beck can also offer phone or Telehealth consults, where appropriate.

Please note, Beck does not offer bulk billing, so there will be out of pocket / gap expenses. All patients (except DVA) are required to pay the full fee at the time of their appointment, and they will receive any benefits from Medicare following their appointment.
